

FATIR AHMAD YASIN PASARIBU

+62 83874085953 | ahmadfatir243@gmail.com

Software Developer and undergraduate of Medan State Polytechnic with a focus on full-stack development. Experienced in building scalable and user-friendly applications across both front-end and back-end, with a strong interest in continuously learning and improving technical skills.

Work Experiences

PT. Telkom Akses - Medan, Indonesia <i>Network Operations (Intern)</i> - Monitored and managed fiber optic network incidents using internal operational platforms, performed ticket classification and escalation, and collaborated with technical teams to ensure service continuity. - Developed and utilized automation tools and reporting solutions to streamline operational processes, improve data accuracy, reduce manual effort, and support service assurance reporting.	Jul 2025 - Nov 2025
Falaah Digital Solutions - Medan, Indonesia <i>Full-Stack Developer</i> - Delivered end-to-end client-based projects, from requirements gathering to deployment, ensuring high performance, reliability, and strong user experience. - Designed and developed scalable full-stack applications using the MERN stack (Node.js, Express.js, React.js), with clean and maintainable architecture. - Managed and integrated multiple databases (MySQL, MongoDB, Redis) to optimize data storage, retrieval, and overall system performance. - Implemented and integrated payment gateways (Midtrans, Xendit) to enable secure, efficient, and seamless transaction processing.	Feb 2025 - Present

Education Level

SMK Negeri 9 Medan - Indonesia <i>High School Diploma in Software Engineering, 92.11/100.00</i> 1st Place, Student Competency Competition (LKS) IT Software Solutions for Business - Medan City (June 2025) - Finalist, WorldSkills IT Software Solutions for Business – Indonesia National Selection (October 2024) - Part of Rohis Ar-Ruhul Jadid (Internal School Organization)	Jul 2023 - May 2026
Politeknik Negeri Medan - Indonesia <i>Undergraduate (Expected) Software Engineering Technology</i>	Aug 2026
